We've grown: our merger with Beers + Cutler provides greater depth

On December 1, 2009, Baker Tilly Virchow Krause, LLP merged with Washington, DC-based Beers + Cutler. In 2008, we ranked as the 17th largest certified public accounting firm in the United States according to Public Accounting Report's "Top 100" in 2008. The firm expects the ranking will increase to 13th largest following the merger. The merger provides Baker Tilly Virchow Krause, LLP an East Coast presence with greater service depth and breadth.

"The union of Baker Tilly and Beers + Cutler expands our real estate and construction practice, from a geographical and service offering standpoint, allowing us to better serve clients' tax, assurance and business advisory needs," said Todd Carpenter, partner and co-leader of the Construction and Real Estate Industry Group.

With a construction and real estate practice totaling more than 6,000, our clients can rely on dedicated tax, audit, and transaction professionals that are available where you need us—assisting project by project, or providing the big picture perspective to help accomplish objectives, seize opportunities, and be prepared for challenges.

Partner Kelly Toole from Beers + Cutler, now co-leader of the merged real estate group, agrees and adds, "Clients can expect our deep industry expertise and dedicated real estate and construction professionals to bring proactive, informed observations to their engagements."

We welcome Beers + Cutler contacts to our Baker Tilly Virchow Krause, LLP Construction & Real Estate Newsletter.

Our construction and real estate practice now totals more than 6,000 entities.
