Bill Bressette has been with Baker Tilly Virchow Krause, LLP since 2005. He has more than 12 years experience in government contracting and corporate compliance, including contract analysis and administration, rate development and analysis, development and management of contracts and compliance organizations, corporate policies and procedures, organizational risk management, cost estimating, and proposal development.

**Specific experience**

Bill has extensive experience helping contractors with virtually all aspects of GSA Schedule contracting, including feasibility assessments, strategic pricing analysis, proposal preparation, contract administration, compliance and audit support. He also helps contractors implement GSA Schedule contract administration and compliance program best practices. His more recent projects have included large scale compliance analyses for both products and services contractors, as well as the development and drafting of pricing disclosures in connection with GSA Schedule renewals. He has authored articles on GSA compliance issues and provided training to contractors on a variety of GSA related subjects. Bill has often worked through a firm's outside counsel while analyzing complex pricing practices relative to GSA disclosures and has lead cross-functional project teams in determining a company's readiness for pre/post award audit.

Bill has a combination of consulting and industry experience that provides a valuable perspective to corporate clients doing business with the federal government. He has worked for large DoD clients on major international programs, and has extensive experience with federal sector finance, appropriations, and contracting. In his previous industry position, Bill developed compliance policies, procedures, and internal controls; managed two large volume GSA Schedule contracts; supervised all complex proposal pricing efforts; assisted with the restructuring of the accounting system; negotiated all commercial and government contracts, NDA's, and Teaming agreements; performed internal controls audits and handled DCAA audits. He has significant proposal experience – both GSA and commercial – and has provided strategy and consulting services to

Candor. Insight. Results.
